CABLES WERE GOOD

NEW YOUK.

Closed Near the Opening

New York, March 7.—The cotton mar-bet opened steady on a strong brace of English cables, which for a time frames considerable excitement within the ranks of he shorts. The Liverpool market had salvaneed 3 1-294 points, and the private cables promised well instanted activity on the part of fine his minusers. Later, however, the Wesker longs commenced to self on instantistationy reports from the stock market and a prompt return to yester-day's closing figures was the result. The close was quiet and steady within a point of the lowest price.
